

HELPING YOUR STUDENTS TRANSITION TO POSTSECONDARY EDUCATION

DR. LUYON HUDSON
2:00 P.M.

Transitioning to high school should not be a riddle for students or counselors seeking the most holistic and effective tools that help students transition seamlessly into post-secondary education. Basic techniques will be covered that may prove beneficial for school counselors as they engage students in the planning and preparation process for life after high-school, while taking into account the realities and challenges of the times in which we live. Come join this interactive and practical session that gives counselors an opportunity to create a plan that strengthens support for post-secondary planning.
