Advantages of Advanced Placement

College & Career Readiness

AP courses are taught at a college level to build students' academic skills.

AP courses are capstones for many CTE programs.

Scores of 3+ on the AP exam earn global college credit.

Scores of 2+ on 23 exams qualify as demonstrations of competency.

AP students are more likely to be accepted at competitive colleges.

AP students are more likely to graduate from college.

AP allows students to explore subjects that interest them without cost.

Advanced Placement

22,794 current enrollments in AP courses

669 educators in New Mexico currently teach AP courses

38 different AP courses are offered in 54 districts and 19 charters throughout New Mexico

Advanced Placement Exam Results 2021

**New Mexico students took
12,708 AP exams in 38
different subjects**

**4,512 test-takers earned a
qualifying score of 3+**

**AP exams potentially saved
NM students approximately
\$4 million in college tuition**

Benefits of Taking AP

Advanced Placement for ALL Students

1

Students taking AP® courses in high school can earn college credit and placement through a score of 3 or higher on the exam. Universities around the world recognize AP when making admission decisions, course requisites, and awarding university credit. In fact, half of students entering four-year colleges are now starting school with some credit from AP courses.

2

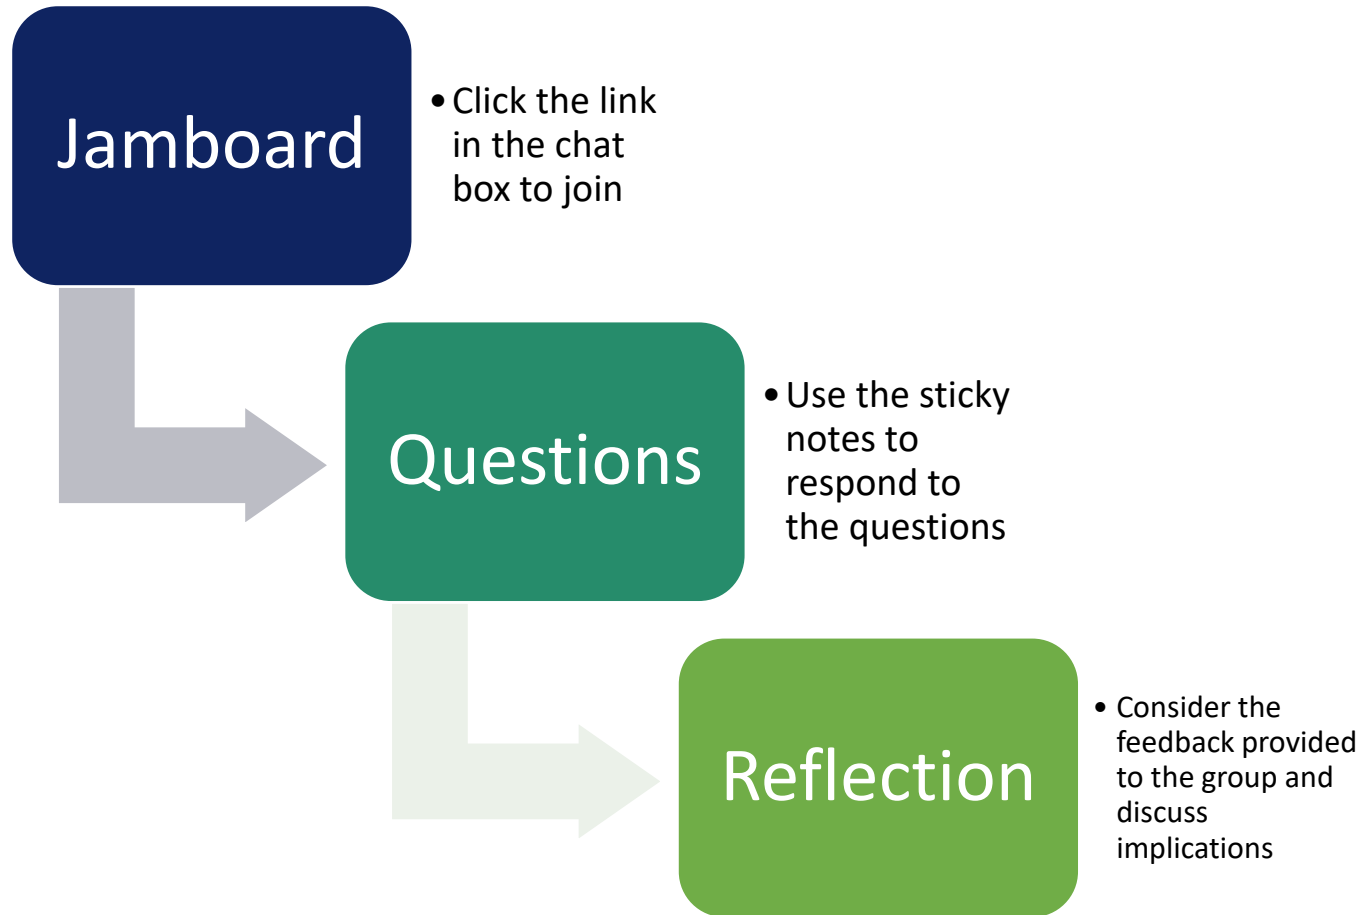

Research shows that students who take AP courses and exams are much more likely than their peers to complete a college degree on time—which means they avoid paying for, for example, a fifth year of tuition.

3

New evidence now shows there are benefits to taking AP courses even for students who don't meet that threshold. AP students who earn a score of 1 or 2 or average a score of 1 or 2 across their AP Exams in high school have better college outcomes than academically similar college students who did not take an AP course and exam.

Enrollment in College & Career Readiness Courses

Equity in AP Enrollment

Closing Opportunity Gaps

How do we equitably encourage more students to enroll in AP courses?

College Board data show that hundreds of thousands of high school students nationwide have the potential to succeed in AP but do not take any matched AP courses.

Bridging this gap is crucial to supporting student access to college and career readiness.

The screenshot shows the K-12 Reporting Portal interface. At the top, there's a navigation bar with 'Reports', 'Downloads', and 'Help' links. Below this is a 'Run Reports' button and a search bar. The main content area displays '595 Test Taken(s)' and 'This School's AP Potential Access Code: Not Available'. A 'Back to Summary' button is on the left. The title 'SAT (Aug 2016 - Jul 2017) Detailed Roster' is prominent. Below it, there's a 'Roster Report Filters' section. A callout box highlights the 'AP Potential Tool' button. The interface also shows tabs for 'Registration Report / Admission Tickets' and 'Score Reports / Labels Printing'. A table of student data is visible, with columns for Student Name, Student ID, Date of Birth, Grade, Assessment, Administration, Registration Date, and Registration ID. Two students are listed: Adams, Mark B. and Adams, Carol T. A 'Live Chat' button is at the bottom right.

1 Go to appotential.collegeboard.org and sign in to your College Board account. You can sign up for an account on that page if you do not have one.

2 At the prompt, enter your access code. All principals, AP Coordinators, and district staff at schools and districts where the PSAT/NMSQT is administered receive their access code via email in December. You can also locate your access code through the SAT Suite of Assessments K-12 Assessment Reporting Tool at k12reports.collegeboard.org, by calling Customer Service at 212-713-8066 or by contacting your College Board regional office.

3 Follow the prompts to generate your AP Potential roster(s).
